Spread Christmas Joy by Giving - Help the Children of Serbia Experience the Magic of Hope and Kindness

HRH Crown Princess Katherine Foundation collects gifts for orphans and children with special needs from all over Serbia and the Republic of Srpska, to be delivered at the traditional Christmas receptions for more than 1000 children of all ages.

To make this possible, we call upon you to follow your heart, to bring happiness and joy to the children in need this Christmas, by donating toys, treats and clothes. We will all feel a lot better knowing that nothing can ever stop us from making a difference in these children's lives. Bring back a smile on their faces, give them a feeling of joy, let them know that they have not been forgotten.

Your generous donation is very important and will be much appreciated by the vulnerable children of Serbia and the Republika Srpska.
